## Regional transit passes

\$10 or \$20 stored value magnetic media cards that allow you to ride the four regional transit systems at a discounted rate.

Your magnetic pass can be used on any system at any time. Just swipe the card when you board the bus and it will deduct the correct discounted rate for that system. Let the driver know if you are entitled to a reduced fare before you board.

## Day passes & month passes

Day & Month Passes are valid for unlimited rides until the date and time of expiration printed on the back of the pass. Each time you wish to use the pass after purchasing it, simply swipe it through the card reader.

## Transfers

Free transfers are provided between routes of the same system for a single trip. No free inter-agency transfers are available. For example, if you transfer from one ETS to another ETS route, then the transfer is free. However, for a transfer from Redwood Transit System to the Eureka Transit Service, passengers are required to pay the full one-way fare when boarding the ETS bus.

Tell the driver you want a transfer when you board the bus. You can only get a transfer upon boarding. To use a transfer when you board a bus on another route simply insert it into the card reader. When you hear a beep the transfer is recognized as valid and you may proceed to board the bus.

## Purchasing passes

You can purchase passes online with a credit card and have them mailed to you. See the HTA online store ([www.hta.org](http://www.hta.org)).

You can purchase passes from the bus driver using cash. Important note: If you are not paying a cash fare do not put your money in the farebox until you tell the driver what you want to buy. You will not be refunded for money placed in farebox accidentally.

Passes can also be purchased at the Humboldt Transit Authority office at 133 V Street in Eureka using Visa, Mastercard, or a personal check. Passes can also be purchased at the Arcata Transit Center at 925 E Street, Arcata.

## Using the fareboxes

Have your exact fare ready to insert into the farebox before boarding the bus. Neither the driver nor the new farebox can make change or refund money put into the farebox by accident.

Paper money (bills) - Feed unfolded bills into the bill slot. The farebox will not accept bills larger than \$20.

Coins - Drop coins, one at a time, into the coin slot. Coins accepted are: nickels, dimes, quarters, halves & small dollar coins. Fareboxes do not accept pennies or large dollar coins.

A digital display shows the exact amount deposited. When you hear a beep you have paid the correct fare and may proceed to board the bus. If you are entitled to a reduced cash fare be sure to tell the driver before you place your money in the farebox.

## Humboldt State University students ride RTS, ETS, AMRTS free

Matriculated Students: If you are registered for the current semester, swipe your HSU ID card in the card reader as you board the bus for a free "Jack Pass" ride. Extended Ed students, OLLI students, faculty, and staff may purchase the Jack Pass privilege to be linked to their ID card each semester at HSU's Student and Business Services Building (SBSB).

## College of the Redwoods students ride with discounts

Inquire with parking and transportation services for further information.

## Use "commuter checks" to apply tax-free income to commuter expenses

For more information, see [www.hta.org/commuter\\_benefits.html](http://www.hta.org/commuter_benefits.html)

# How To Ride The Bus

## Simple steps you can follow that help make your trip a safe one:

- Plan your route ahead of time.
- Locate your origin and destination bus stops prior to your first day of commuting on the bus.
- Get to the bus stop at least five minutes early. If you're sitting on a bench, stand when you see the bus approaching to signal the driver to stop.
- Never walk directly in front of or behind a bus. The operator and other drivers may not see you.
- Check the headsign listed above the windshield to make sure you board the right bus.
- Have your correct fare ready. Drivers cannot take checks and do not carry change.
- When the bus arrives, step aboard through the front door. If you need any assistance with a connecting route, ask the driver. Once completed, find a comfortable location for your ride.
- In slippery winter conditions, be extra careful getting on and off the bus.
- Depending on the bus, there may be different mechanisms to request your stop. As your stop approaches, press the yellow strip or pull the signal cord located along the interior windows. You will hear a chime and see the "stop requested" sign illuminate. This signals the driver to stop at the next stop.
- Exit through the rear door.

## Bus stop locations

Bus stop signs are installed for most stops on Redwood Transit System, Arcata and Mad River Transit, and Eureka Transit Service routes. These signs indicate where to wait for and board the bus. On Redwood Transit System the bus headsign will display the location farthest north or south that the bus will travel. Since there may be other people standing by the stop who do not want to ride the bus, be sure to wave at the bus as it approaches. Flagging eliminates unnecessary stops and enables faster, more efficient service.

## Bike racks

RTS buses are all equipped with bike racks in front of the bus, each holding two bikes. See "How to bike and ride on Redwood Transit System," next page for more information on how to utilize these racks. ETS and AMRTS buses do not have bike racks.

## On the bus

- Keep the aisle clear of tripping hazards such as bags, backpacks, and briefcases.
- Stand back from the front of the bus so the operator has a clear view of the doorway and mirrors.
- Sit where you can see your upcoming stop.

For safety reasons, you cannot go barefoot on the bus, nor wear skates or rollerblades.

## Children

- Take extra care when traveling with young children. Hold their hand when boarding and exiting. Keep them seated to avoid falls and bumps, and watch that they don't put their hands and head out the window.
- Hold strollers securely, put on their brakes and keep the aisle clear, or hold your child and fold the stroller.

## Lost and found

Please check your seat before leaving the bus and make sure you have all your belongings. However, if you do leave something on RTS or ETS, you may call the HTA office at (707) 443-0826. For Arcata and Mad River Transit, phone (707) 822-3775. Every attempt will be made to recover your lost item. Items will be kept up to 30 days, so please pick up your items within that time.

## Reduced fares for seniors & disabled

Reduced fares on fixed route buses are available to senior citizens and disabled persons who have been certified. Forms are available at the HTA office. I.D. cards from other systems will be honored.

## We can help

- If you feel uncomfortable because of other individuals onboard, or are unsure about stops and bus riding logistics, sit near the front of the bus.
- If you're lost or feel sick, harassed or threatened, speak to the operator who will help or radio for help.

If you have any concerns please call HTA at 707-443-0826.

# How to bike and ride on Redwood Transit System

1. When the bus approaches and stops, have the bike ready to load, then let the driver know that you will be loading a bike.
2. Approaching from the curbside, lower the rack with one hand while supporting the bike with the other hand.
3. After lowering the rack, place the bike into either of the rack's wheel wells. Both bike positions are completely independent of each other, making it easy to load in seconds.
4. After the bike is positioned in the rack's wheel wells, pull the support arm out and up over the front tire of the bike. The rack contacts the bicycle's tires only, no contact is made with the bicycle frame.
5. After quickly raising the support arm up and over the front tire, be ready to board the bus. Bikes should be loaded from the front or curbside of the bus for safe, efficient operation.

If bike racks are full: Ask the driver if you may bring your bike onboard. Whether you may transport your bike onboard depends on driver discretion and available onboard space. It is illegal for anything to block the aisles of a transit bus.

## Information for riders with limited mobility

**If you use a wheelchair or scooter, or have limited mobility, you can ride transit.**

- All buses and transit centers are fully accessible.
- You can board ETS, RTS, and AMRTS directly from the station platform. Buses have a ramp that extends for easier boarding if you need it.
- Buses are equipped with either a boarding ramp or power lift. Some of our buses are low-floor buses that can “kneel”, lowering the first step closer to the curb for easier boarding. Just ask the operator.
- All buses have priority seating areas inside by the door for seniors and riders with limited mobility, and spaces for mobility devices.

### Types of mobility devices allowed

#### Wheelchairs and Scooters

The power lifts on buses can hold mobility devices up to 30 inches wide and 48 inches long, weighing less than 600 pounds when occupied.

#### Scooters

You can bring an electric scooter on the buses as long as they meet the same physical specifications of a common wheelchair. If your electric scooter cannot be properly secured, the driver will ask that you place your mobility device in the space provided on the bus.

#### Straps for mobility devices on buses

We offer special straps that attach to the corners of your mobility device, making securing your mobility device on the bus easier and faster. For more details call 707-443-0826 or email [info@hta.org](mailto:info@hta.org).

#### Riders Who are Blind or Low-Vision

If you are blind or have a vision impairment, you can ride transit.

- All ticket machines have audio/indicators for inserting bus tickets.
- All of the electronic media has a ‘side cut’ for visually impaired persons so they can identify which direction to slide the card.
- Bus drivers announce major bus stops and transfer points. ( You can also ask your operator to announce when your specific stop is coming.)
- Service animals are permitted on all buses. Learn more about bringing your service animal on board.

#### Travel Aids Available

- Local: Rose Communication Services provides training and services for the visually impaired. Call to discuss your service needs at 707-839-0588.
- Location and amenity information for every stop and station is available for users of Sendero Group's BrailleNote or VoiceNote GPS wayfinding devices.

#### Bringing a Service Animal on the Bus

Service animals are welcome, but you may be asked to confirm that your animal is a service animal.

You are responsible for the care and supervision of your animal while on board. If you are planning on riding the bus with a service animal, please follow these guidelines:

1. Your animal must be on a leash or in a pet carrier, remain under your control and behave appropriately.
2. The animal must remain at your feet. The animal may not sit on a vehicle seat.
3. The animal must not be aggressive toward people or other animals.
4. You are responsible for any damage or soiling caused by the animal.

## How to use this guide

**Welcome** to the Humboldt County Transportation service guide. This guide contains maps, timetables, and fares for transit services in Humboldt County. This guide also contains information on specialized demand-response service, ADA, private, and human service transportation options such as dial-a-ride, airporter, and rural connection service.

### How to find service information in this guide

If you are looking for general service public transit, identify the service for which you require additional information in the table of contents (page 2) or the region for a more detailed map on page 4.

Specialized on-demand and human service transportation services are listed and described on pages 24-26 of this guide.

### How to use transit maps and timetables

Follow these steps to plan your trip. You can also use Google Transit online to plan a trip if you have access to the internet (see “Online tools to make planning transit trips easy,” right).

1. Locate your destination on the map.
2. Locate where you are traveling from on the map (destination and starting point may be on different maps).
3. Identify routes that connect these locations.
4. Follow the timetables for these routes, working backwards through the routes. Identify arrival and departure times that connect the routes. Begin by identifying the arrival time and trip for your destination.

## Online trip planning

Transit agency websites include current maps and timetables. These websites are linked from [www.hta.org](http://www.hta.org). You can choose to use an online trip planner to automate planning your transit itinerary.

### How to use Google Transit

Use the trip planner form at any one of the transit agency websites linked from [www.hta.org](http://www.hta.org) or directly from Google Maps, at [www.google.com/transit](http://www.google.com/transit). Enter addresses, intersections, or business/location names for your starting and ending points. Google Transit will provide an itinerary and map that shows walking directions, transit routes, where and when to board the vehicle(s), transfer (including between systems), and where and when to get off.

### Trip Planner

Read [info and terms & conditions](#) first. Powered by **Google Transit**.
